## EDUCATION

### Birla Vishvakarma Mahavidyalaya

B.Tech. in Computer Engineering CPI - 8.92/10

June 2019 – Present

Anand, Gujarat

### P P Savani Vidhya Bhavan

HSC Percentage - 86.66%

2019

Surat, Gujarat

### Gurukul Vidyapith Kumar Vidhyalaya

SSC Percentage - 75.50%

2017

Surat, Gujarat

## PROJECTS

### Covid 19 Bad Vacancy Info [Code](#)

Group Project

- Hospital authority need to create an account and need to login and they can change available Covid bad on a daily bases, so that users/patients can see the availability of bad at a particular Hospital.
- While creating an account, hospital authority needs to enter a valid email id, the account activation link is going to be sent to that mail id.
- We have displayed other information also. Like, the number of corona cases, active cases, recovered, and death in a particular state.
- Tech Stack: PHP, MySql, JavaScript, Bootstrap.

### BookBuzz [Code](#)

Group Project

- Full Stack web application where you get motivated to read books.
- On the website, all books are listed and users can make notes, they can write a review of the book, can give ratings to the books.
- We have also implemented graph and streak future, so that people can get motivated to read books.
- Tech Stack: Nodejs, Nextjs, Expressjs, MongoDB, TypeScript, Chartjs.

### Training & Placement Management [Code](#)

- Full Stack web application that will Manage all necessary information that is required by students and companies for campus hiring.
- If a company wants to visit the campus, then the company needs to register on the website and if a student wants to seat at placement, then the student also needs to register on the website.
- Companies can set eligibility criteria for their interview rounds.
- Company and Student can see the status by login into the website.
- Tech Stack: Reactjs, Nodejs, Expressjs, MongoDB, JWT, JavaScript, Chartjs.

## ACHIEVEMENTS

- Maximum rating across various coding platform
  - CodeChef: **1820** (4 Star)
  - CodeForces: **1222** (Pupil)
- Secured **579th rank** at ACM ICPC Asia Amrita-puri Regional Contest 2020
- Secured **1st rank** at Code Crunch Coding event - 2021 Organized by BVM CSI
- Secured **2nd rank** at Bugs Bunny Coding event - 2022 Organized by BVM
- Secured **515th rank** at CodeChef February Lunchtime 2022 Division 2
- Selected in **Top 50** in DotSlash 5.0 Hackathon Organized by SVNIT - Surat
- Achieved **4th rank** in pre-qualification round of SIH-2022 at College Level

## SKILLS

C / C++ Java DS / Algo DBMS  
SQL MongoDB Nodejs Reactjs  
JavaScript Git

## CERTIFICATES

### Programming in C++

[Certificate](#)

09/2020 - 11/2020

This course is offered by Indian Institute of Technology Kharagpur on NPTEL

### Git & GitHub Master

[Certificate](#)

05/2021 - 06/2021

This course is offered by Coding Minutes on Udemy
